Manager-Technology
Thomson Reuters

The world's leading source of intelligent information for businesses and professionals, Thomson Reuters (NYSE: TRI, TSX: TRI) combines industry expertise with innovative technology to deliver critical information to leading decision makers in the financial, legal, tax and accounting, healthcare, science and media markets, powered by the world's most trusted news organization.

60,000 employees across 100 countries help numerous industry verticals to manage their businesses intelligently. Thomson Reuters offers varied products and solutions catering to Legal, Financial, Media, Healthcare, Tax and Accounting, IP and Science segments.

Why Collabion Charts for SharePoint?

1. **Rapid deployment (just a few hours)**
2. **Power-packed configurator**
3. **Seamless integration with all data sources supported by OneView Connect**

The Collabion Charts for SharePoint experience

Thomson Reuters extensively uses OneView Connect (built exclusively for MS SharePoint), a complete integration framework that brings together content and functionality from web applications and data sources into a secure, unified system. With data visualization being used extensively, having something that is quick, easy, powerful and easily pluggable was the mandate.

Not only did Collabion Charts for SharePoint score perfectly on all these requirements, its ability to extend the chart web part to use the toolbar, parameter and connection frameworks helped in interacting with numerous web parts on any page. Collabion Charts for SharePoint, thus made it possible to stream a seamless, highly interactive and tightly integrated data visualization experience.

About Collabion Charts for SharePoint

Collabion Charts for SharePoint provides a quick and easy way to create insightful dashboards in SharePoint®, without the need for MOSS or Excel Services. It works with WSS 3.0, MOSS 2007 and all editions of SharePoint Server 2010, including Foundation server.

Collabion Charts for SharePoint can be installed and used to create your first dashboard in less than 15 minutes. It has a wizard-based installation and chart creation process, which means you never need to write a single line of code. The charts are animated, interactive and are sure to “wow” your users.

Collabion Charts for SharePoint is powered by **FusionCharts**, the industry’s leading enterprise-grade charting solutions organization with 21,000 customers and 450,000 users in 118 countries, including over 80% of Fortune 500 companies.
